About This Content

Entice all game players to enter your world! TOKIWA GRAPHICS presents 2 packs of classic monsters you will love. The first monster pack contains classic-style monsters which are easy to use in any RPG Maker projects!

There is a Goblin you have never seen and unforgettable Undead...Get inspired with monster variations including eyes... some of which glow in the dark!

These monsters are crafted delicately to match to the 4 color-variations of the background graphics. For the sunset background you can use sunset-compatible monsters. You can enjoy the flawless graphic images in your game by combining with other TOKIWA GRAPHICS background series!

Features:

• 4 battlers: Goblin, Undead, Little Dragon, Hornet in 4 color variations; day / sunset / night / rain. Total of 16 side-view battler graphics.
• Each character comes with walking sprites in 2 variations (normal and dark shadow). Total of 8 sprites.
• You can enjoy the flawless graphic images in your game by combining these monsters with other TOKIWA GRAPHICS series.
• These graphics are for use with RPG Maker software only

* Background graphics and tiles shown in the sample screenshots are NOT included in this pack
